

SUGGESTED USAGE: Shake well. Take 1 teaspoon daily with a fat-containing meal, or as directed by your healthcare practitioner.

REFRIGERATE AFTER OPENING.

HOW IT WORKS: Coenzyme Q₁₀ (CoQ₁₀) is a vitamin-like compound present in almost all cells, where it is necessary for cellular energy production.* CoQ₁₀ concentrations are highest in the heart, where chemical energy availability is critical. CoQ₁₀ also functions as a powerful fat-soluble free radical scavenger within cell membranes and vascular structures.* This product also provides Co-enzyme B Vitamins for their complementary roles in cellular energy production and maintenance of cardiovascular health.*

CAUTIONS/INTERACTIONS: Coenzyme Q₁₀ may interact with anticoagulant, antihypertensive, and chemotherapy medications. Statin medications have been shown to decrease CoQ₁₀ production in the body and CoQ₁₀ supplementation may be useful when taking these drugs. Consult your healthcare professional if you are taking any of these medications before using this product.

Contains Xylitol, do not feed to pets.

Not manufactured with wheat, gluten, milk, egg, fish or shellfish ingredients. Produced in a GMP facility that processes other ingredients containing these allergens.
