Training Support Formula

Sustained Release

As a male, you require quality nutritional support that caters to your specific needs. And if you regularly train or work out, adequate nutrition is essential for both your optimal health and your athletic performance. Ultimate Man Elite features an essential blend of key vitamins and minerals, as well as carefully chosen amino acids, antioxidants and more so you can be your absolute best, both in and out of the gym.

Included in this superior formula are the following:

A combination of supportive amino acids and branched chain amino acids**

Antioxidants to protect against free radical build-up that may occur during training**

Patented Lyc-O-Mato® lycopene, lutein and with saw palmetto extract.

BioCore® Optimum™ to supply enzymatic support for your nutrition and training regimen. This combination of powerful enzymes may help provide optimal utilization of macronutrients, which plays a key role in maximizing performance**

Electrolyte minerals to help aid in carbohydrate metabolism and glucose utilization**

Micronutrients to help aid in carbohydrate metabolism**

An energizing array of essential B-vitamins**
