Suitable for vegetarians. Contains no yeast, dairy, egg, gluten, soy or wheat. Contains no sugar, starch, salt, preservatives, or artificial color, flavor or fragrance.

Source Naturals **MAGNESIUM CHELATE** is composed of magnesium bound to amino acids from hydrolyzed vegetable protein, for easy assimilation and utilization.

Magnesium is an essential mineral, playing a key role in over 300 enzymatic reactions in metabolism. It is involved in energy production and storage, the breakdown of fatty acids, protein synthesis, DNA metabolism, the relaxation of both voluntary and involuntary muscle tissue, neurotransmitter activity, and hormone regulation. Magnesium is stored primarily in the bones, and along with other minerals plays a role in bone metabolism.*
