

## DIRECTIONS & USE

MIX 1 SCOOP (39g) INTO 8 FL-OZ WATER

25G PROTEIN PER SERVING

\*FREE OF BANNED SUBSTANCES

ProHydroLase

## NUTRIENT SUMMARY PER SERVING

15G MILK PROTEIN FROM MILK PROTEIN ISOLATE

10G WHEY PROTEIN FROM WHEY PROTEIN ISOLATE

Mix 1 scoop (39g) with 8 fl-oz of water. MONSTER BLEND™ Supplement Mix can be used either before workouts, after workouts or prior to bedtime.

Individual nutritional requirements vary depending on gender, body weight, level of activity and exercise/training intensity. This product complements a smart eating and hydration plan that, in conjunction with a balanced exercise program, may contribute to weight management and recovery from exercise. During exercise and use, maintain an adequate state of hydration.†

The proteins in MONSTER BLEND™ Supplement Mix can help facilitate muscle growth after exercise by enhancing muscle protein synthesis and inhibiting muscle protein breakdown.†

NSF screens supplements for more than 200 substances banned by most major athletic organizations. The main components of NSF's certification program are label claim review, a toxicology review to certify the formulation and contaminant review to ensure against contaminants. nsfsport.com

Patented protease enzymes can assist with the breakdown and digestion of proteins.†

IS SPORTS NUTRITION THAT STANDS FOR:

# TRUTH POWER LIFE

## WHAT DO YOU STAND FOR?

We stand for truth, power and unyielding support of athletic lifestyles. This is our unwavering commitment to quality. A symbol to carry and support you before, during and after training or competition. **X** stands for **TRUTH**: fully disclosed nutritional ingredients and no proprietary blends; **POWER**: efficacious formulations that enhance your performance; **LIFE**: inspiration you need to achieve your lifelong goals. Because truth is power, power is performance and performance changes lives.

## WHAT ARE YOU GETTING? CHECK THIS OUT...

125MG PROHYDROLASE® DIGESTIVE ENZYMES

Supports the normal digestion of protein which yields peptides and amino acids, the building blocks of muscle protein.†

1G ADDED L-LEUCINE

This amino acid helps stimulate muscle protein synthesis at the cellular level.†

NOTICE: Use this product as a food supplement only. Do not use for weight reduction.
