Dextrin, Stearic Acid, Silicon Dioxide, Polyethylene
Glycol, Dextrose, Lecithin, Polysorbate 80, Sodium
Lauryl Sulfate, Sodium Citrate, Carnauba Wax,
Crospovidone.

Distributed by Albertsons, Inc., Boise, Idaho 83726

A lifetime of regular exercise and a healthful di-
et with adequate calcium are essential in ach-
ieving peak bone mass in teenagers and young
adults and maintaining bone health during
adulthood. Individuals who do not store enough
calcium throughout their lives have an increased
risk for developing osteoporosis. Recently, sci-
entists have determined that even postmeno-

pausal women can ben-
efit from greater calcium
intake.

While adequate calcium
intake is important,
daily intakes above
2000 mg are not likely
to provide any
additional benefit.

Suggested use: Take
two tablets daily (one
tablet twice a day) with
food or as directed by
your physician.

We are committed to
your satisfaction and
guarantee the quality
of this product.
