

# Better Stevia®

BetterStevia® Balance™ is a unique natural product that combines stevia, chromium and inulin in one convenient packet that is ideally suited to support healthy glucose metabolism.\* The "balance" in BetterStevia® Balance comes from inulin and chromium. Inulin is a non-digestible carbohydrate from the chicory plant's roots that's utilized as food by the healthy probiotic bacteria in the gut.\* Chromium is an essential dietary mineral that is necessary for the body's normal metabolism of glucose.\*

# Better Stevia®

## WHY BETTERSTEVIA® IS SIMPLY BETTER.

BetterStevia® utilizes a whole leaf extract that retains the natural properties of real stevia, as opposed to other products that have only isolated fractions, such as Rebaudiana A (Reb A). Our stevia is produced using a special enzymatic treatment that results in a clean, pure, well-rounded, less bitter stevia extract. Our focus on quality, purity and freshness gives our stevia its well-rounded, natural, zero-calorie profile and puts the better into BetterStevia®!
