

Recommendations: Take one (1) capsule a day.

CELLREGENX is a daily supplement scientifically developed to make living cells perform more like younger cells. As cells age, they lose their ability to fend off metabolic byproducts which can result in intracellular acidification. By restoring a more balanced intracellular state, many cellular functions return to levels previously expressed by younger healthier cells.*

CELLREGENX was carefully formulated by medical researchers and physicians attempting to isolate compounds that could allow older cells to chemically behave like their younger predecessors.*

CELLREGENX improves mitochondrial functioning by restoring the intracellular environment.*

As we age our telomere length shortens, and in human subjects taking **CELLREGENX** we have found increased telomere length consistently compared to pretreatment levels.*

Caution: Do not use this product if you are pregnant, nursing, have high blood pressure or cardiovascular disease. If you are taking any medications consult a healthcare professional before use.

CELLREGENX

• Improve Cellular Health* • Promote Cellular Rejuvenation* • Improve Cellular Respiration*

Supplement Facts

Serving Size: 1 Capsule

Servings Per Container: 30

Amount Per Serving	%DV
Licorice Root Powder 250 mg	*
Lithium (as Lithium Orotate) 1 mg	*

* Daily Value (DV) has not been established.

Other Ingredients: Vegetable capsule, Microcrystalline cellulose, Magnesium stearate, silica and Titanium dioxide (color).
