

NORDIC NATURALS®

OFFICIAL
BABY'S OMEGA-3

Molecularly Distilled | Guaranteed Purity

Wild caught. Exceptionally fresh and pure.
Every batch of Nordic Naturals fish oils is tested by a third-party certified lab for environmental toxins, including heavy metals. All fish oils are in the triglyceride form and surpass the strictest international standards for purity and freshness. Certificates of Analysis available upon request.
Suggested Use: 1-5 milliliters daily, with food, or as directed by your health care professional or pharmacist. Clean dropper thoroughly between each use, especially if dropper contacts baby's mouth.
Do not take if tamper-evident seal is broken or missing. Refrigerate after opening. Best if used within 3 months after opening. Keep out of the reach of children.

Warnings: Consult with your physician before using this product if your baby is allergic to iodine, uses blood thinners, or anticipates surgery.

Warning: Consult with your physician before using this product if your baby is allergic to iodine, uses blood thinners, or anticipates surgery.

score

Includes a
measured dropper for
convenient dosing.
Baby's DHA can be easily
added to formula or food.

A baby's brain more than doubles in size during the first years of life. DHA is the primary building block of brain tissue.* Adequate intake of DHA is essential for proper brain and visual development, and remains necessary throughout life to maintain brain, eye, and nervous system health.*

Nordic Naturals Baby's DHA is the official baby's omega-3 of the American Pregnancy Association, and is the #1-selling baby's omega-3 in the U.S.* We have always used 100% wild Arctic cod in our cod liver oil products, including Baby's DHA—no fish body oils or synthetic additives are ever used.

Wild caught. Exceptionally fresh and pure. Friend of the Sea certified.

Every batch of Nordic Naturals fish oils is tested by a third-party certified lab for environmental toxins, including heavy metals. All fish oils are in the triglyceride form and surpass the strictest international standards for purity and freshness. Certificates of Analysis available upon request.
