ACTUAL SIZE

Iron is a vital nutrient that plays an essential role in forming healthy red blood cells and transporting oxygen.* It is also involved in energy utilization and muscle function.* Unfortunately, many people who should be supplementing with iron do not due to concern of stomach distress.

GNC Gentlesorb Iron™ features a bioavailable form of hydrolyzed protein chelate that is clinically proven to be gentle on the stomach.

Gentlesorb Iron™ is a unique form that closely mimics the iron found in natural, organic sources. This iron is bound to amino acids which function like a "cage," surrounding and protecting the mineral. Clinical studies have demonstrated that this form of iron is effectively absorbed and well-tolerated.

OUR QUALITY COMMITMENT TO YOU

Since 1935, our mission as the industry leader has been to provide you with the highest-quality nutritional supplements. We continue to stand behind this mission. If you're not 100% satisfied with your purchase, return the unused portion of the product with your receipt within 30 days and we'll either refund your money or find you a replacement product that is right for you.

Please recycle this box.
