

SUGGESTED USAGE: Take 1 capsule 2 to 3 times daily, or as directed by your healthcare practitioner. Store in a cool, dry place. Refrigeration is recommended after opening to provide maximum potency through the Best By date.

HOW IT WORKS: Probiotic bacterial species are known to exist and thrive in the human digestive tract. These microorganisms assist in proper digestion, support detoxification, and are a necessary component of healthy immune system function.* Ortho Dophilus™ is a combination of scientifically tested strains of friendly bacteria with FOS included to encourage their healthy growth.* This product is Non-GMO, and is enteric coated to ensure live delivery to the intestine.

CAUTIONS/INTERACTIONS: Antibiotic medications may reduce the efficacy of probiotic supplements. In addition, there may be some concern when using probiotic supplements in immunocompromised individuals. Probiotic supplements may cause minor, temporary digestive disturbance in some individuals. In these cases reduce or discontinue use of this product until discomfort ceases; then gradually increase to full dose.

The probiotic strains in this product have been identity-verified using DNA-fingerprinting technology.
