Supplement Facts

Serving Size 9 Tablets (per day) • Servings Per Container 35

| Amount Per Serving                                                                                                                            | % Daily Value      |
|-----------------------------------------------------------------------------------------------------------------------------------------------|--------------------|
| Vitamin A (as beta-carotene, acetate).....                                                                                                    | 5000 IU.....100%   |
| Vitamin C (as calcium ascorbate, ascorbic acid, ascorbyl palmitate, niacinamide ascorbate, magnesium ascorbate, acerola extract).....         | 2000 mg.....3333%  |
| Vitamin D3 (as cholecalciferol).....                                                                                                          | 2000 IU.....500%   |
| Vitamin E (as D-alpha tocopheryl succinate, D-alpha tocopherol).....                                                                          | 125 mg.....333%    |
| Thiamine (Vitamin B1) (as thiamine HCl).....                                                                                                  | 100 IU.....333%    |
| Riboflavin (Vitamin B2) (as riboflavin, riboflavin 5-phosphate).....                                                                          | 50 mg.....2941%    |
| Niacin (as 61% niacinamide, 37% niacin, 2% niacinamide ascorbate).....                                                                        | 190 mg.....950%    |
| Vitamin B6 (as pyridoxal 5-phosphate (100 mg), pyridoxine HCl (5 mg)).....                                                                    | 105 mg.....5250%   |
| Folate (as L-5-methyltetrahydrofolate calcium salt).....                                                                                      | 400 mcg.....100%   |
| Vitamin B12 (as methylcobalamin).....                                                                                                         | 600 mcg.....10000% |
| Biotin.....                                                                                                                                   | 3000 mcg.....1000% |
| Pantothenic acid (as D-calcium pantothenate with 5 mg pantothenol).....                                                                       | 600 mg.....6000%   |
| Calcium (as Ca ascorbate, dicalcium phosphate, D-calcium pantothenate, Ca D-glucanate).....                                                   | 460 mg.....46%     |
| Iodine (as potassium iodide).....                                                                                                             | 150 mcg.....100%   |
| Magnesium (as magnesium oxide, arginate, citrate, tartrate, glycinate, ascorbate).....                                                        | 400 mg.....100%    |
| Zinc (as zinc citrate, L-OptiZinc® zinc mono-L-methionine sulfate).....                                                                       | 35 mg.....233%     |
| Selenium (as sodium selenite, SelenoExcel® high selenium yeast, Se-methyl L-selenocysteine).....                                              | 200 mcg.....286%   |
| Manganese (as manganese gluconate, citrate).....                                                                                              | 1 mg.....50%       |
| Chromium (as Chrominex® 3+ chromium stabilized with Capros® amia extract (fruit), PrimaVie® ShiGait).....                                     | 500 mcg.....417%   |
| Molybdenum (as molybdenum amino acid chelate).....                                                                                            | 125 mcg.....167%   |
| Potassium (as potassium chloride).....                                                                                                        | 35 mg.....1%       |
| N-acetyl-L-cysteine (NAC).....                                                                                                                | 600 mg.....**      |
| Taurine.....                                                                                                                                  | 200 mg.....**      |
| Inositol.....                                                                                                                                 | 250 mg.....**      |
| Phosphatidylcholine (from soy).....                                                                                                           | 150 mg.....**      |
| Choline (as choline bitartrate).....                                                                                                          | 150 mg.....**      |
| Boron (as boron amino acid chelate).....                                                                                                      | 120 mg.....**      |
| Trimethylglycine (TMG) (as betaine anhydrous).....                                                                                            | 3 mg.....**        |
| Bitter orange citrus bioflavonoid (peel, fruit) (std. to 50% hesperidin).....                                                                 | 100 mg.....**      |
| Broccoli concentrate blend (broccoli extracts (sprout, floret, seed) (providing glucosinolates, sulforaphane), calcium D-glucarate).....      | 200 mg.....**      |
| Decaffeinated green tea extract (leaf) (std. to 45% epigallocatechin gallate (EGCG)).....                                                     | 725 mg.....**      |
| Acerola extract 4:1 (berry).....                                                                                                              | 325 mg.....**      |
| Fruit/berry proprietary blend (European elder, blackberry, blueberry, sweet cherry, cranberry, plum, persimmon (Diospyros kaki) powders)..... | 300 mg.....**      |
| Wild blueberry anthocyanin extract (fruit).....                                                                                               | 200 mg.....**      |
| Silymarin (from milk thistle extract (seed)).....                                                                                             | 150 mg.....**      |
| CherryPure® sour cherry (tart cherry) anthocyanin extract (fruit).....                                                                        | 100 mg.....**      |
| POMELLA® pomegranate extract (fruit) (std. to 30% punicalagins).....                                                                          | 85 mg.....**       |
| Natural mixed tocopherols (providing gamma, delta, alpha, beta tocopherols).....                                                              | 60 mg.....**       |
| MirtoSelect® bilberry extract (fruit).....                                                                                                    | 30 mg.....**       |
| Leucaselect® grape seed proanthocyanidin extract.....                                                                                         | 25 mg.....**       |
| Bioflavin® grape proanthocyanidin extract (whole grape).....                                                                                  | 25 mg.....**       |
| Bromelain (from pineapple (stem)) (2400 gelatin digestive units/grain).....                                                                   | 15 mg.....**       |
| Delphinids from Delphinol® maqui berry (Aristotelia chilensis) extract (fruit).....                                                           | 2 mg.....**        |
| Lutein (from marigold extract (flower)) (providing 465 mcg trans-zeaxanthin).....                                                             | 15 mg.....**       |
| Olive extract (fruit) (providing polyphenols, hydroxytyrosol, tyrosol, oleuropein).....                                                       | 12.5 mg.....**     |
| Sesame seed lignan extract.....                                                                                                               | 10 mg.....**       |
| Luteolin (from orange extract (fruit)).....                                                                                                   | 8 mg.....**        |
| Lycopene (from tomato-O-Red® natural tomato extract (fruit)).....                                                                             | 3 mg.....**        |
| Cyanidin-3-glucoside (C3G) (from black currant extract (fruit)).....                                                                          | 125 mg.....**      |
| Trans-pterostilbene (from pteropure®).....                                                                                                    | 5 mg.....**        |
| Apigenin.....                                                                                                                                 | 5 mg.....**        |

\*\*Daily Value not established.

DIRECTIONS: Take nine (9) tablets per day in divided doses with meals, or as recommended by a healthcare practitioner.

CAUTION: Temporary flushing, itching, rash, or gastric disturbances may occur. Liver function testing is recommended when niacin is taken in excess of 500 mg daily. Those with gout or liver diseases should avoid taking high doses of niacin. Consult with your doctor before using this product if you are taking anticoagulant medications. Individuals consuming more than 2,000 IU/day of vitamin D (from diet and supplements) should periodically obtain a serum 25-hydroxy vitamin D measurement. Vitamin D supplementation is not recommended for individuals with high blood calcium levels.
