Supplementing your diet with iForce Nutrition's ultra-high potency Tribulus 2400™ may promote:
INCREASED TESTOSTERONE & LEUTINIZING HORMONE PRODUCTION!
INCREASED SEX DRIVE!
INCREASED MUSCLE STRENGTH AND POWER!

Tribulus 2400™ features a specific form of Bulgarian Tribulus Terrestris that is known for superior amounts of active saponins and protodioscin. These actives are the driving force behind Tribulus 2400's ability to promote rapid testosterone production and muscle gains! This makes Tribulus 2400™ more potent and more effective than lesser quality extracts on the market that will not deliver gains!

Tribulus is scientifically proven to increase the production of leutinizing hormone, or LH! By boosting the output of LH, your body will also increase its output of testosterone, which may support increased muscle mass and strength, and improved muscle recovery and endurance!

WARNINGS: Exceeding the recommended servings, not following the directions, or not following the warnings may lead to unwanted effects.
