Alpha Lipoic Acid

Helps Eliminate Free Radicals in the Body*

DIETARY SUPPLEMENT

100 mg • 180 Capsules

Alpha Lipoic Acid is a nutritional coenzyme that is involved in energy metabolism of proteins, carbohydrates and fats, has physiological functions in blood glucose disposal, and is able to scavenge a number of free radicals. This powerful antioxidant may provide both preventative and therapeutic benefits in numerous conditions and diseases including diabetes, heart disease and even possible viruses.*

Keep out of the reach of children.
