

GNC Burn 60™ is a clinically proven thermogenic formula that helps to enhance metabolism, burn calories and boost energy levels.* With its powerful ingredients, Burn 60™ enhances cellular energy utilization and promotes increased cellular metabolic activity.* For best results, use the healthy diet and exercise program included with Burn 60™.

*Clinically proven to increase post workout calorie burning by up to 60% for up to one hour after a workout. This double-blind, placebo-controlled, cross-over study consisted of 22 healthy men and women. Participants exercised on a treadmill on two occasions. On one occasion, they took Burn 60™ before exercise and on the second, they took a placebo. The amount of calories burned during the first hour post-exercise was measured, and participants burned up to 60% more calories while on Burn 60™ compared to when they took the placebo.
