Magnesium Soft Chews are a convenient alternative to pills and a great addition to your daily nutrition and health regimen. Just two soft chews provide 250 mg of magnesium, an essential mineral. Our Magnesium Soft Chews are made with magnesium citrate, a form of magnesium that is absorbed more easily by the body so you get the maximum benefits.

Magnesium helps build strong bones and maintain healthy teeth. It's also involved in heart, skeletal muscle, nerve and cell function, and it's required by the body for energy production.*

These delicious soft chews are gluten and sugar free. Plus they're individually wrapped, making them easy to take on the go.

OUR QUALITY COMMITMENT TO YOU Since 1935, our mission as the industry leader has been to provide you with the highest-quality nutritional supplements. We continue to stand behind this mission. If you're not 100% satisfied with your purchase, return the unused portion of the product with your receipt within 30 days and we'll either refund your money or find you a replacement product that is right for you.
