Chlorella

Manna™

Net Wt 20g
(0.71 oz)

Chlorella is a single-celled, freshwater green algae that is one of the richest known sources of chlorophyll, which is responsible for its deep green color. The high chlorophyll content of chlorella supports oxygenation of our blood and consequent energy production in all our cells, allowing cells to release toxins more effectively.* Chlorella truly shines in its ability to promote detoxification.* Chlorella's fibrous cell wall binds with heavy metals, radioactive isotopes, pesticides such as PCBs and DDT, and other toxins to help carry them out of the body.*

TruGanic™: Actual testing (which no other standard requires) to verify non-GMO status and 100% free from pesticides and irradiation.

MANUFACTURED FOR HEALTHFORCE
LAS VEGAS, NV 89126
HEALTHFORCE.COM (800) 357-2717

Ingredient: Broken Cell Wall Chlorella (Chlorella pyrenoidosa)∞, carefully dried at low temperatures to retain life force, enzymes, and other heat-sensitive elements.

Serving Size: 5 grams (approx. 1 tablespoon)

Servings per Container: 4

Suggested Use: Start with one teaspoon and slowly work up to one tablespoon per day, either all at once or divided.
