

Suggested usage: 1 softgel per day or as directed by a health professional.

Cautions: As with any supplement, consult your health professional before use if you are pregnant, breastfeeding, or trying to conceive, or if you are taking medication, have a medical condition, or anticipate a surgery. Keep out of the reach of children.

GarlicRich odorless softgels support the immune and cardiovascular system.* The enteric softgel, formulated for maximum bioavailability, delays the breakdown of alliin into allicin and subsequent beneficial compounds until the softgel reaches the small intestine.

GarlicRich is sourced from whole garlic bulb, hand-picked fresh from the fields. The garlic is gently processed and stored in cool temperatures away from light and air to preserve enzymes and other beneficial garlic compounds, is pesticide-free, and offers a full spectrum of important actives. Each softgel of this odor-controlled super strength 10:1 concentrate equals 8 garlic cloves.

Manufactured by Natural Factors to ensure safety and potency in accordance with Good Manufacturing Practices (GMP) of the FDA and Health Canada.

Contains no artificial colors, preservatives, or sweeteners; no dairy, starch, sugar, wheat, gluten, yeast, soy, corn, egg, fish, shellfish, salt, tree nuts, or GMOs. Sealed for your protection. Do not use if seal is broken. For freshness, store in a cool, dry place.
