

The colon is one of our main detoxification routes. Regular bowel movements and a clean colon are foundational to better health. If the colon is sluggish, elimination of wastes or toxins and absorption of nutrients from food becomes inefficient. Even an apparently non-sluggish bowel that is full of anything other than largely whole plant foods (Vegan) with their fiber intact can be a significant source of poor health. HealthForce Intestinal Drawing Formula™ supports the health of your intestinal tract in the following ways:

- **Draws in toxins from the bowel, allowing healthy elimination rather than re-absorption.***
- **Adds fibrous bulk (without psyllium that can irritate and bloat) to further help bind and remove toxins.***
- **Nourishes, soothes, and lubricates the intestines as it moves through.***
- **Works in concert with your body's own natural detoxification systems to promote healthy assimilation and elimination.***

To further support intestinal health, we encourage you to include fresh, raw juices and purified structured water in your diet. **Suggested Use:** Start with 3 capsules (a partial serving) and work up to 10 capsules per day. Drink 8-16 ounces of water (preferably purified) or juice with every serving. Lots of fluids are important due to the drawing nature of this formula. If more powerful bowel moving action is required, or you have a sluggish bowel, use with HealthForce Intestinal Movement Formula™. This product is not intended for long-term continuous use or for pregnant/nursing women or children under six.

"I truly wish you great health and happiness always."

Dr. Jameth Sheridan – Naturopath and Hard-Core Herbal Medicine Researcher

IMPORTANT NOTE: Do not take Intestinal Drawing Formula™ at the same time as other foods or supplements. Doing so will result in them being drawn into the formula, thereby lessening the product's effects, as well as the effects of anything else you may be eating or taking. Take Intestinal Drawing Formula™ approximately 45 minutes before or 1-1/2 hours after meals or other nutritional products.

WARNING: This is a powerful product and may cause strong detoxification. We recommend starting on day one with one teaspoon and working your way up over a few days to the recommended amounts.
