Iron	4 mg	22%

*Percent Daily Values (%DV) are based on a 2,000 calorie diet.
†Daily Value not established.

Source Naturals **YAEYAMA CHLORELLA** is 100% freshwater chlorella, grown on the coral reef island of Ishigaki, Japan. Chlorella is a green superfood of pure algae that is a rare vegetarian source of true vitamin B-12. It is also a good source of iron and vitamin A and a complete vegetarian protein. Chlorella gets its green color from the plant pigment, chlorophyll. Our non-GMO chlorella is made from 100% chlorella and is free of binders, fillers or excipients. Preliminary evidence, including some human research, suggests that chlorella may help support the health of the liver and the immune system.*
