

Are you Looking to Help Boost your Sex Drive?

Let's face it, testosterone is one of the hormones that makes men, men. Testosterone affects many functions of the male body, one of the most noticeable being sex drive or healthy libido.*

Why Testosterone is Important

Testosterone is a critical hormone produced in men and is responsible for inducing and maintaining male sex characteristics such as sex drive.* Free testosterone is testosterone found in the blood stream that is bio-available, and it represents between one to four percent of the total amount of testosterone in a man's body.* It is called "free" because it is not bound to any substance or another hormone in the performance of a specific function and is therefore available for use as it is needed in the body.*

All Naturade products are quality tested to ensure freshness and potency through their expiration dates.

Are you Looking to Help Boost Free Testosterone?

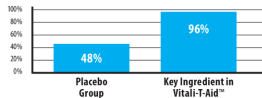

With resistance training, Vitali-T-Aid® is a solution for supporting free testosterone levels. †Study participants taking Testofen, the natural, plant based key ingredient in Vitali-T-Aid®, also reported improvement in sexual desire and performance and, with resistance training, increased muscle mass naturally.*

Clinically Studied Ingredient

†The natural, plant based key ingredient in Vitali-T-Aid® was shown in two double-blind, placebo controlled, human clinical studies, along with resistance training, to be a safe and effective way to help significantly boost free testosterone levels and, as reported by study participants, increase libido, arousal and performance over an eight week period.*

Human Clinical Study Results

% change in Free Testosterone is against baseline
Both placebo & test group also exercised.

The results, as reported by study participants, included improvement in sexual behavior, satisfaction and intensity of orgasm, as well as overall libido or sexual functioning.

Vitali-T-Aid® also contains a proprietary blend of L-Arginine and beneficial herbs, such as Saw Palmetto, Astragalus, Tribulus, Panax Ginseng and other nutrients designed to help support male health and overall well-being.*
