Net Wt 20g (0.71 oz)

EACH 1.5 TEASPOON PROVIDES 302 mg of naturally-occurring, truly natural, absorbable, non-toxic vitamin C complex from a whole food water extract of acerola cherry. Acerola is a tart cherry native to South America, southern Mexico, and Central America. Each single serving of Truly Natural™ Vitamin C contains over 600% of the vitamin C content of one orange. Acerola cherries also contains vitamin C cofactors and other important nutrients. This product does NOT contain isolated vitamin C! Vitamin C never occurs as an isolate in nature; it is part of an entire vitamin C complex. Food sources of the entire vitamin C complex are the only way to get nutrition as nature intended.

Serving Size: 5.4 grams (1.5 teaspoons) **Servings per Container:** 3.7

Suggested Use: 1.5 teaspoons per day. Store at room temperature. The amber glass bottle, metal lid, and oxygen absorber preserve nutrients optimally. Mix with purified water, fresh juice, freshly made nut/seed milk, smoothies, Vitamineral Green™, Vitamineral Earth™, MycoForce Immunity™, or other food. ∞TruGanic™
