In China, *Cordyceps sinensis* is recognized as a premier tonifier for athletes and anyone wanting to support energy and endurance.* Planetary Herbs **FULL SPECTRUM CORDYCEPS 450[™]** provides the same amount of cordyceps (standardized to 0.1% adenosine) used in clinical studies. This is combined with cordyceps mycelia grown on organic brown rice from spores originally gathered in the Himalayas. This combination insures a full spectrum of important cordyceps constituents.
