Planetary Herbals **FULL SPECTRUM<sup>™</sup> JIAOGULAN** is specially extracted to yield a broad spectrum of jiaogulan's constituents. Jiaogulan (*Gynostemma pentaphyllum*) originates from Southern China where much of traditional Chinese herbalism evolved. It has been traditionally used as a strengthening tonic to increase physical and mental stamina. Jiaogulan contains 82 saponins called gypenosides, some of which are directly related to the ginsenosides found in ginseng root.\*
