

Maxi-Skin™ Vitality provides you all the skin benefits of the original formula with the addition of B12 and comes in a Berry flavor. This deliciously refreshing product includes ingredients that support all three layers of the skin.*** Clinically studied Verisol® Bioactive Collagen Peptides® (Type I and III collagen) enhance skin elasticity, increase skin collagen by 60% and reduce depth of eye wrinkles.†*** Skin supporting Vitamin C protects skin from cell-damaging free radicals and helps collagen formation in the dermis layer while Vitamin A helps skin cell renewal in the epidermis layer.*** Give yourself a spa experience every day by adding this to water or your favorite beverage.

VERISOL®
Beauty From Within

†Randomized, double-blind, placebo-controlled studies with daily intake of 2.5 grams Verisol® collagen in women 35-55 years (measured skin elasticity at 4 weeks) and in women 45-65 years (measured eye wrinkle volume at 4 weeks and skin collagen enhancement at 8 weeks). Study results compared Verisol® collagen to placebo. Individual results may vary.

- Productions Notes:** In additional to reviewing the art itself, please review all notes below before approving proof.
- This proof may contain trapping where/if adjacent colors meet. This is necessary to avoid white gaps when printed. The final result will display as a combination of the two colors involved (ie: blue + yellow = green).
 - Color adjustments have been made to optimize this art for our printing process. This may include adjusting digital %'s, eliminating color, adding color where it was not before or a combination of all some or all of these. If there is a specific color target in mind, please discuss that with your customer service representative before approving this proof.
 - We've thickened strokes to ensure that they hold on plate, then on press and throughout the press run.
 - This artwork contains a Spot UV, Spot White, Adhesive Deadener, or some other specialty plate. The location of which has been estimated based on the info at-hand. The shape and location need review and approval.

If this Epson hard proof was received, it will yield good color representation of four-color process on a Higlloss paper with a UV coating. In all other scenarios, including those using spot colors, it is not likely to yield accurate color. If this proof was received as a PDF, it will not be color accurate if viewed on a monitor or outputed on a customer's printer. Please notify your customer represenative prior to proofing if there is a color standard to match.
