Planetary Herbals **FULL SPECTRUM™ VITEX EXTRACT** combines a standardized extract of chaste tree berries, concentrated to 0.5% agnusides, with whole berries. Vitex modifies the effect of the hypothalamus and pituitary glands. This helps regulate and balance female hormone production.* Combining the extract with the whole berry insures that the full spectrum of vitex compounds are included.

Do not use if either tamper-evident seal is broken or missing. Keep out of the reach of children.
