Nopal (Opuntia spp.) also known as prickly pear cactus, has been one of the most important botanicals consumed as a health-promoting food for centuries. The cactus contains a wide array of beneficial compounds, including antioxidants, that are important for overall health. **FULL SPECTRUM™ NOPAL CACTUS** consists of flesh of the cactus "leaf", also called stem or pad, for a full spectrum of nopal activity.*

Do not use if either tamper-evident seal is broken or missing. Keep out of the reach of children.
