

CVS Health™ Fiber Formula contains fiber and herbs that absorb and eliminate toxins and supports colon function.* Fiber is effective only when fully dispersed in the colon to adhere to and eliminate toxins and enhance the removal of waste products. True Dispersion™ technology ensures the fiber is completely released and dispersed throughout the colon through cleansing.*

This is a clay-free formula. That's important, since detoxification products containing clay can deplete the body of healthy minerals, and often contain high levels of lead and other toxins.
