	FAST ACTING <i>B12 Methylcobalamin</i>	Typical B12 Cyanocobalamin form
Faster response	✓	
Better absorption	✓	
Higher Retention	✓	
Active form of B12 in the central nervous system	✓	

Vitamin B12 helps support healthy nerve and blood cells and facilitates energy production.*

Typical B12 supplements are made from the metabolically inactive, cyanocobalamin form. Now, you have access to methylcobalamin, a highly bioavailable form of B12. Fast Acting B12 uses the naturally active form of B12 as found in the body's central nervous system and blood. Methylcobalamin offers faster response, better absorption and greater retention. And our tasty cherry flavored micro tabs dissolve quickly to provide a difference you can feel!*
