Stresstabs
America's #1 Anti-Stress Brand
advanced

For more than 30 years, Stresstabs® has been America's trusted brand to help manage everyday stress. It's the only supplement certified by the American Institute of Stress. Stress rises the body of essential nutrients and may weaken the immune system while contributing to fatigue, lack of concentration and irritability. Now, Stresstabs® advanced provides the next generation of support with WellBody 365®, a blend of two naturally sourced and scientifically studied ingredients - MaitakeGold 404® and Senso®.

MaitakeGold 404® from the Maitake mushroom is a glucanopolysaccharide complex that is extracted under a patented process. This highly concentrated ingredient offers support for healthy immune function at the cellular level. The other patented ingredient in WellBody 365® is Senso®, an Ashwagandha extract. Senso®, coupled with 8 vitamins in this formulation, helps increase the body's resistance to physical, emotional and mental stressors and promotes balance in the body after stress occurs, which is important to keeping the whole body healthy. We also added other important nutrients, such as Vitamins C, D, A, E and zinc for immune support, plus the added benefits of magnesium.*

To learn more about everyday stress and how you can reduce the effects, visit www.stress.org and www.mystresstabs.com

Senso® is a registered trademark of Natrecor, Inc. and is protected under U.S. Patent 6,153,198 and 7,318,938.

WellBody 365® is a trademark of NutraGenesis, LLC and is protected under U.S. Patent 8,597,687.
