

**USAGE:** Take 1 capsule per day with food, or as directed by your qualified health care consultant.

**Jarrow FORMULAS® Lactoferrin** is an important immune supporting glycoprotein that is found in breast milk, tears, and other body fluids.\* One of the biological activities of lactoferrin comes from its powerful ability to bind iron (300 times that of serum transferrin), which promotes the growth of beneficial bacteria.\* Moreover, digestion of lactoferrin by gastric pepsin liberates the immune supporting peptide lactoferricin B.\*

**Jarrow FORMULAS® Lactoferrin** is freeze-dried and processed at low temperatures to preserve potency and activity.

**Keep out of the reach of children.**
