Bone Collagenizer® 50 PLUS

Clinically Proven
Specially Formulated for Women 50 Plus

- Increases Bone Collagen Formation†
- Increases Calcium Binding Sites†
- Promotes Bone Pliability†
- Increases Bone Mineral Density (BMD)†*
- Boosts the Effectiveness of Dietary and Supplemental Calcium†
- Helps Maintain Positive Osteoblast Balance†

Dietary Supplement **120** Vegetarian Capsules
U.S. Patents #5922360, #7968528 and #8771757

Supplement Facts

	Amount Per Serving	%DV
Serving Size: 2 Capsules		Servings Per Container: 60
Choline (as ch-OSA®)	120 mg	22%
Silicon (as Choline-Stabilized Orthosilicic Acid) (ch-OSA®)	6 mg	*
Inositol	50 mg	*

*Daily Value (DV) not established

Other Ingredients: Microcrystalline Cellulose, Purified Water.
Capsule Shell consists of Hydroxypropyl Methylcellulose.

KEEP OUT OF THE REACH OF CHILDREN.
STORE IN A COOL DRY PLACE.

The Science of Healthy Bones at 50 Plus

The National Institutes of Health reports that it takes both calcium and collagen to build strong healthy bones. Collagen serves as the "binding sites" for calcium and gives bone the pliability it needs to withstand physical stress. The ch-OSA® in Collagenizer 50 PLUS generates collagen. The inositol helps maintain "osteo-balance." Osteo-balance is vital for women over 50 as bone-destroying osteoclasts begin to outpace bone-building osteoblasts.

Insufficient calcium "binding sites," low BMD brittle bone and "holes" in bone (osteoporosis)

Optimal calcium "binding sites," optimum BMD, strong, pliable with the ability to bend-not-break

PRODUCT FACTS

Supplement Facts		
Serving Size: 2 Capsules		Servings Per Container: 60
	Amount Per Serving	%DV
Choline (as ch-OSA®)	120 mg	22%
Silicon (as Choline-Stabilized Orthosilicic Acid) (ch-OSA®)	6 mg	*
Inositol	50 mg	*
*Daily Value (DV) not established		
Other Ingredients: Microcrystalline Cellulose, Purified Water, Capsule Shell consists of Hydroxypropyl Methylcellulose.		

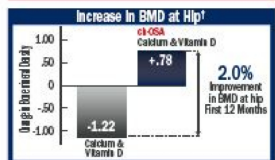

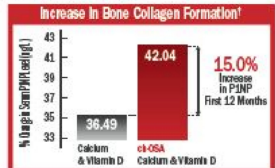

Clinical Facts	
Choline-Stabilized Orthosilicic Acid (ch-OSA®)	Clinically Proven Dosage
ch-OSA®	Clinically Proven for bone†
Increases bone collagen formation†	
Increases BMD (at the hip) above calcium and vitamin D alone†	
Use in conjunction with 1000 mg of calcium and 20 mcg (800 IU) of vitamin D	
ch-OSA has been tested in rigorous double-blind placebo controlled clinical trials for both efficacy and safety. The results are published in peer-reviewed medical journals (see insert for details).
