Meet Rowland : Long Beach, CA

BEFORE

Rowland started losing his hair as early as 30 yrs. old and what was once a thick, full head of hair, was now starting to recede. He had tried topicals, spray-ons, thickening lotions, nothing seemed to work.

We gave Rowland the 3-step NuHair® Hair Regrowth Support System to use for 4 months, and the results were amazing.

4 MONTHS

After 4 Months:
"The first thing I noticed, was that I had less hair loss within the first six weeks..."

8 MONTHS

After 8 Months:
"I noticed less hair loss, which was my sole concern. I would definitely recommend this all natural product to my friends, especially those using chemical-based products."

*Results achieved using the complete NuHair® Hair Regrowth Support System. Individual results may vary. Consideration provided.

NUHAIR®
THE NATURAL SOLUTION FOR HAIR LOSS

How NuHair® Works:

NuHair® is a natural nutrient booster for fine and thinning hair. It energizes the scalp and nourishes the hair shaft to help produce stronger, thicker hair.*

Before NuHAIR®
Weak, Thin Hair

After NuHAIR®
Stronger, Thicker Hair

Provides Intensive Nourishment for:

- Receding Hairlines!
- Breakage Around the Hairline!
- Excessively Thinning Hair!
- Poor Hair Density!

Fact: Age-related hair loss affects 80% of American men. The good news is this form of hair loss is gradual, so the sooner treatment is started, the better the chances of slowing the hair loss process... and keeping the hair you have!

NuHair® for Men has been specifically formulated with natural ingredients which possess DHT-inhibiting properties. As men age, rising levels of DHT can lead to hair loss and/or thinning hair. NuHair® for Men helps combat the primary type of hair loss in men, male pattern baldness, by blocking the production of DHT. NuHair® for Men offers the number one, safe and effective natural supplement for hair loss.^{1†}

Meet Troy : Los Angeles, CA

BEFORE

Troy had tried everything, including prescription-strength products, topicals, creams and had very little success. He was experiencing "the classic" male pattern baldness, slowly balding at the crown and thinning along the hairline.

After learning more about NuHair®, he was eager to try the 3-step system... after all he had nothing to lose and everything to gain!

4 MONTHS

After 4 Months:
The compliments started rolling in...

"Nice haircut." "Like your hair." "Love your hair..." I haven't heard such compliments in years! These remarks helped me regain my confidence and I'm a little bolder with styling my hair."

8 MONTHS

After 8 Months:
"I'm so happy." In the past, I've used other products but couldn't get used to the messiness and awful residue it left on my hair. I love that NuHair® is natural, the serum is awesome and I have more confidence. Thank you NuHair®!"

*Results achieved using the complete NuHair® Hair Regrowth Support System. Individual results may vary. Consideration provided.

Fact: 78% of men surveyed having used NuHair® Hair Regrowth Support System for Men for 8 months said that they experienced less hair thinning!

For best results: Use the complete 3-step system, including Hair Regrowth for Men, DHT Blocker and the Thinning Hair Serum.
