

SUGGESTED USAGE: Take 2 softgels twice daily with food, or as directed by your healthcare practitioner.

HOW IT WORKS: Red Yeast Rice (RYR) is a natural product that has been used by Asian traditional herbalists for centuries. It is produced by fermenting Red Yeast (*Monascus purpureus*) with rice. The Red Yeast Rice in Protocol for Life Balance® Cardio Tri-Plex™ is carefully produced to avoid the presence of citrinin, an unwanted by-product of RYR fermentation process. This product is further enhanced with the addition of CoQ10 and Omega-3 Fish Oil to support healthy cardiovascular function.*

WARNING: Do not use if you are pregnant, may become pregnant, or are breast feeding, because using this product may harm the fetus. For adults only. Consult physician if taking medication (especially statins) or have a medical condition including a history of statin-intolerance or liver disease. Keep out of reach of children. If muscle complaints occur, discontinue use and consult a physician.
