

Natrol® CoQ-10 is a natural antioxidant essential for cells to work efficiently in the heart and throughout the body. CoQ-10 levels in the human body decrease with age, making it harder to convert fats and sugars into energy. CoQ-10 can be used as part of a daily regimen for heart health.†

Consult your healthcare professional prior to use if you have or suspect a medical condition, are taking prescription drugs, or are pregnant or lactating.
