

TONALIN® CLA SO GOOD - IT'S PATENTED

CLA (conjugated linoleic acid) is a recognized supplement derived from safflower oil. Years of research at the University of Wisconsin indicate that **CLA** may help "partition" the way energy is stored and utilized which may result in a reduction of body fat and increased muscle retention. **Tonalin® CLA** is the only patented form of conjugated linoleic acid.*

*This product is to be used in conjunction with a healthy calorie reduction and exercise program.

Consult your healthcare provider prior to use if you have or suspect a medical condition, are taking prescription drugs, or are pregnant or lactating.

**STORE IN A COOL, DRY PLACE.
KEEP OUT OF REACH OF CHILDREN.**

*These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.

TONALIN® CLA THE NATURAL CHOICE

CLA (conjugated linoleic acid) is found naturally in a variety of foods. However, for many individuals changing dietary patterns may have diminished intake of those foods high in **CLA**. **Tonalin® CLA** offers a rich source of conjugated linoleic acid to supplement the diet naturally.
