

Advanced Erectile Function (EF) Formula

Advanced Erectile Function (EF) Formula

Nature has provided an elegant solution to promote optimal EF (Erectile Function). Natrol® L-Arginine 3000 mg helps support vasodilation to enhance blood flow to tissues. The added B vitamins are vital to the body's energy production. The result - lasting energy, stamina and performance.[†]

L-Arginine 3000 mg is part of Natrol's full line of "Just for Men" products including Yohimbe Bark, ProstatExcell® and Saw Palmetto.

Consult your healthcare professional prior to use if you have or suspect a medical condition or are taking prescription drugs.

Natrol® L-Arginine 3000 mg is a super strength formula. Clinical studies suggest that a minimum of 3000 mg of L-Arginine is optimal to support vascular health and its associated EF (Erectile Function).[†]

Your ability to achieve sexual desire and performance may hinge on one tiny molecule, nitric oxide (NO). This simple messenger plays a vital role in enhancing blood flow to the smooth muscles, critical in achieving heightened sexual arousal. L-Arginine is an amino acid that provides the nitrogen our bodies use to produce NO.[†]

Because of the role that L-Arginine plays in vasodilation, it promotes healthy blood vessels and supports vascular health. Additionally, it supports muscle mass, athletic performance as well as immune activity.[†]

The Vitamins B-6, Folic Acid and B-12 help support energy levels. Feel the difference with Natrol L-Arginine 3000 mg, Nature's Sensual Sensation![†]
