Smart Weight Loss.
Serious Results.^{†^}

Natrol® AçaiBerry Diet is smart because the Super Food formula helps boost your metabolism, the engine that drives calorie burning. You can lose up to 20 pounds in 10 weeks when you follow the AçaiBerry Diet Meal and Exercise Plan.**

The AçaiBerry Diet formula is also smart because it contains polyphenols, antioxidant compounds that have the capacity to neutralize free radicals produced by regular exercise. And that's important when you are trying to get in shape.*

- Features the Super Berry Açai
- Powered with *Metabolic Activator*, a targeted caffeine blend. It helps rev up metabolism and calorie burning. It also promotes energy and mental alertness.
- Includes green tea extract with the antioxidant activity of EGCG[†]
- Rich in chromium to enhance fat metabolism[†]
- With *Berry Digest*, a special enzyme blend that helps support digestion.[†]
