

Suggested Usage: Take 1/2 level teaspoon 1 to 2 times daily with at least 8 oz. of water 30-45 minutes before a meal.

Glucomannan is a soluble, bulk-forming fiber derived from the konjac root (*Amorphophallus konjac*) that can help to maintain intestinal regularity.* Glucomannan may also help to maintain serum lipid levels already within the healthy range.* In addition, by promoting satiety (feeling of fullness), Glucomannan can be a convenient addition to a weight management plan that includes a healthy diet and exercise program.*
