Supplement Facts

Serving Size 1 Tablet

Each Tablet Contains	% DV
Iron 50 mg (from 160 mg of Dried Ferrous Sulfate, USP)	278%

INGREDIENTS: Ferrous Sulfate (USP), Cellulose, Hypromellose, Dicalcium Phosphate, Stearic Acid, Magnesium Stearate, Polyvinyl Alcohol, Talc, Titanium Dioxide, Polyethylene Glycol, Yellow 5 Lake.

Distributed by Longs Drugs
Walnut Creek, CA 94596.

Slow Release Iron tablets are specially formulated to deliver high potency iron in a sustained, time release format over 4 to 6 hours.

Made with 160 mg of dried ferrous sulfate, USP, equivalent to 50 mg elemental iron. A small tablet makes for easy-to-swallow, high potency iron supplementation that your body needs.

SUGGESTED USE:

ADULTS: Take one to two tablets daily with water at mealtimes, or as directed by a physician. Not for use for children under twelve years of age.
