

Blue Ice™ Fermented Skate Liver Oil is made in small batches with extraordinary care. We ferment livers from fish that have been exclusively wild caught in the Bering Sea/Aleutian Island regions of Alaska.

Fermentation is a natural enzymatic and microbial action that releases the oil from the livers. Our Fermented Skate Liver oil is a raw, unadulterated, whole food. There are no additives of any kind. It is routinely third-party tested for purity.

These statements have not been evaluated by the FDA. This product is not intended to diagnose, treat, cure, or prevent any disease.
