Triple Action Formula Addresses 3 Key Areas of Brain Health

1. Helps Support a Healthy Memory, Focus & Sharpness*

BrainStrong® Memory Support is formulated with a precise ingredient blend that supports a healthy memory & helps keep you sharp, focused and on top of your game.* It contains a full dose of superior quality Ginkgo Biloba, the most studied botanical ingredient for memory health.

2. Supports Your Brain's Communication Network*

Billions of reactions occur every second in your brain as part of its sophisticated communications network. Tiny messengers in the brain, called neurotransmitters, play a critical role in ensuring these communications take place. The ingredient blend in BrainStrong® provides you with an excellent source of Choline, an essential component of healthy neurotransmitter function.*

3. Provides Blood Flow and Circulation Support for Your Brain*

You may know that proper blood flow and circulation throughout your body is important. Your brain is no exception. Proper blood flow ensures your brain gets the nutrients it needs to perform at its best. BrainStrong® Memory Support helps maintain healthy blood flow in the brain and supports healthy blood circulation.*

Directions: Take one (1) caplet per day with a meal.
