TOP 10 HEALERS™ delivers in one product ten of the most well-researched and most critical nutrients and botanicals that are not usually found in daily multivitamins. This formula provides significant potency support to nine of the key body systems central to our SystemiCare® model for health and lifelong wellness. These include antioxidant defense, heart, brain, liver & detox, immune, energy, blood sugar, cells/DNA, and healthy inflammatory response^{1,*}

¹Not all inflammation is associated with disease states. Inflammation is also the body's healthy immune response to life's normal stressors such as strenuous exercise or an occasional high-fat/high-calorie meal. The body's inflammation response to life's occasional, normal stressors is important for optimal health.

Suggested Use: 1 to 4 tablets daily with meals.
