ADVANCED TURMERIC FORMULA

The Turmeric™ Advantage

Nature's Way® Turmeric™ formulas utilize standardized turmeric root extract, so we can guarantee our ingredient potency. Similar products that include turmeric root may not be tested to validate the amount of curcuminoids in their formulas. Some may not even specify how much turmeric they provide.

Enhanced Bioavailability

A key component of our Turmeric products is the inclusion of 10 mg of BioPerine® Black Pepper Extract, standardized to contain 95% (9.5 mg) Piperine in each serving, for enhanced bioavailability of the Turmeric component. Turmeric is generally considered to be poorly assimilated by the body, which makes BioPerine especially important.

Keep out of reach of children. Safety sealed with printed outer shrink-wrap and inner seal. Do not use if either is broken or missing.
