

DIETARY SUPPLEMENT

Suggested Usage: 1-2 capsules per day with meals, or as directed by a health professional. Keep out of reach of children.

Natural Factors easy-to-swallow Lycopene softgels contain 10 mg of the important carotenoid, Lycopene. Derived from tomato, Lycopene is responsible for the healthy red color and is a more powerful free radical quencher than Beta Carotene. As a potent antioxidant, Lycopene prevents damage to cellular structures throughout the human body.* Recent scientific research suggests that Lycopene may be an important tool for men who want to protect prostate health and for those who wish to guard against UV.

All Natural Factors products are manufactured in accordance with the Government of Canada's Good Manufacturing Practices (GMP), among the highest standards in the world.

Contains no artificial preservatives or color; no corn, dairy, wheat, starch, or yeast. Sealed for your protection. Do not use if seal is broken. For freshness store in a cool, dry place.

* This statement has not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.
