

USAGE: Take 1 scoop per day or as directed by your qualified health care consultant.

NOTE: If you have a medical condition, are pregnant, lactating, trying to conceive, under the age of 18, or taking medications, consult your health care practitioner before using this product.

Jarrow FORMULAS® MSM Sulfur is an organic source of **bioavailable sulfur**. Sulfur is an antioxidant mineral found in major structural tissues of the body such as cartilage. The sulfur from **MSM** is used to produce glycosaminoglycans (or mucopolysaccharides) present in proteoglycans such as chondroitin sulfate, dermatan sulfate, and hyaluronic acid.* These **sulfur** containing glycosaminoglycans are found in high concentrations in connective tissues, including joint cartilage, skin and collagen.*

For best results, use with **Jarrow FORMULAS® JarroSil®**, the biologically **Activated Silicon®**.

Keep out of the reach of children.

* These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.
