This all-vegan product is a superior source of EPA and DHA compared to flax seed oil or other vegetarian sources of *omega*-3s. An exceptional vegetarian alternative to fish oil, it has no fishy aftertaste. EPA/DHA supports the healthy functioning of the brain and cardiovascular system. DHA is an integral part of neural membrane phospholipids in the brain. Made from algae, it is also a sustainable alternative to overfishing the oceans.*

NOTE: If you are pregnant, may become pregnant, or breastfeeding, consult your health care professional before using this product.

Do not use if either tamper-evident seal is broken or missing. Keep out of the reach of children.

Suitable for vegans and vegetarians. Contains no yeast, dairy, egg, gluten or wheat. Contains no sugar, salt, preservatives, or artificial color, flavor or fragrance.
