NOTE: If you are pregnant, may become pregnant, or breastfeeding, consult your health care professional before using this product.

Do not use if either tamper-evident seal is broken or missing. Keep out of the reach of children.

STORE IN A COOL, DRY PLACE.

Source Naturals **VEGETARIAN DHA** provides a unique, completely vegetarian form of the *omega*-3 fatty acid docosahexaenoic acid (DHA) that is derived from a sustainable algae-based source. Due to low-fat or vegetarian diets, many people have sub-optimal concentrations of DHA. It is the most prevalent fatty acid in the brain, where it supports a positive mood and the transmission of electrical nerve impulses and communication. DHA is particularly critical for fetal and infant brain and eye development. It is necessary for pregnant mothers to transfer DHA directly to the fetus, via the placenta, and to the newborn via breast milk. DHA also supports wellness and healthy aging by addressing inflammation caused by metabolic imbalances.*

Suitable for vegetarians. Contains no yeast, dairy, egg, gluten, or wheat. Contains no sugar, salt, preservatives, or artificial flavor or fragrance.
