Realfood

Here at Realfood Organics*, we love farm stands and supporting our local farmers and food artisans. It's the beauty of the freshly picked vegetables, the seasonal fruits, and the friendly smiles that keep us going back. It is this inspiration that led us to craft Realfood Organics*. a line of tailored multivitamins and aloe vera made from real foods. We source only USDA organic ingredients to share with you, what we would feel good about feeding ourselves and to our families. Good supplementation begins with real fruits, vegetables, greens, sprouts and legumes.

Realfood Organics® Prenatal Daily Nutrition®

Realfood Organics® Daily Nutrition® is made from 40 non-GMO USDA organic fruits, vegetables, greens, sprouts, legumes and other organic foods. Our label contains many foods that you are familiar with [and hopefully love]! From vegetables such as spinach and broccoli to fruits such as acai, blueberry, and strawberry, as well as greens including chlorella, spirulina and kale. Our product also contains nutrients from lentil beans, quinoa, and aloe vera. Imagine the boxes of 40 farm-stand goodies you would need to bring home, and the food menu possibilities!

Realfood Organics® is the only USDA certified organic multivitamin line made from fermented whole foods with 2-4 servings of fruits and vegetables^a in just 3 easy-to-swallow

So how do we pack so much in 3 soft tablets? Nutrients can be delicate and require careful handling to retain them. After years of research, we discovered that by combining fresh, raw whole freeze-drying this mix, we were able to deliver you a product we felt good about calling Realfood Organics®. This process allows us to give you a whole food supplement as close to its natural state as possible

The fermentation process is also why, upon opening the bottle, it may smell like just picked produce. Fermentation is nature's way of preserving foods that helps to retain the highest nutrient values.

All of our Realfood Organics® Daily Nutrition® products offer more than just a vitamin and mineral complex. It also includes nutrients to support your everyday health:**

Energy metabolism through our rich B Vitamin profile**

Immune health with the inclusion of Vitamin C, D and E**
 Healthier hair, skin, and nails**
 100% inner fillet Organic Aloe Vera

WARNING: Accidental overdose of iron-containing products is a leading cause of fatal poisoning in children under six. KEEP THIS PRODUCT OUT OF REACH OF CHILDREN. In case of accidental overdose, call a Poison Control Center immediately.

This product has been manufactured at a GMP Registered facility.
