

PhytoArtemisinin

PhytoArtemisinin contains pure artemisinin (Qinghaosu), the active constituent of the herb *Artemisia annua* (sweet wormwood), combined with phytosaponins.

Suggested Use

As a dietary supplement, 1 or 2 capsules two or three times daily with meals, or as directed by a healthcare practitioner. Artemisinin is best taken as part of a program that includes appropriate liver support nutrients.

Sensitive individuals may want to take with food.

CAUTION: Not indicated for pregnant or nursing women. It may be wise to work with a healthcare practitioner to monitor liver enzymes and hemoglobin when using this product. Combining with antioxidants or iron may theoretically decrease effectiveness. Detoxification reactions may be experienced by some individuals. In rare cases may cause idiosyncratic liver dysfunction.

CALIFORNIA PROPOSITION 65 WARNING: This product contains lead, a chemical known to the State of California to cause birth defects or other reproductive harm.
