Benefits of Ginkgold® Eyes Advanced Ginkgo Formula

Healthy Blood Flow*

- Supports healthy capillaries (tiny blood vessels) and micro-circulation*

Optimal Night Vision*

- Supports the retina's ability to adapt to light and dark conditions*

Macular Support*

- Provides carotenoids (lutein & zeaxanthin) that are critical to a healthy macula*

Free Radical Protection*

- Helps protect against oxidative stress and free radicals*

Retina and Macula Health

The **retina** in the eye "sees" light and transforms it into nerve impulses that the brain interprets as vision. Maintaining healthy blood vessels and blood flow is the key to proper retinal function.

The **macula** is the central part of the retina where light is focused. Carotenoids (lutein and zeaxanthin) found in the macula are critical to protecting the retina from ultraviolet (UV) light and free radicals.

Advanced Ginkgo Extract

- Made from premium Ginkgo leaves
- Standardized to 24% Ginkgo flavone glycosides and 6% terpene lactones
- Over 20 active and coactive constituents
